

Let's Build Something COOL Together

EVAPCO is More Than a Name.
It's a pledge to make everyday life easier, more comfortable, more reliable, and more sustainable for people everywhere. How do we fulfill on that promise? It's simple.

We Never Stop Innovating.
EVAPCO's success has been the result of a continuous commitment to product improvement. The ongoing R&D program enables EVAPCO to provide the most advanced products in the industry - *Technology for the Future - Available Today.*

We Guarantee Performance.
Sustainable energy use is the current challenge for our industry. Every EVAPCO solution is put through rigorous research and testing to ensure maximum efficiency and reliability. But we don't stop there. EVAPCO is an industry leader in independent, third-party performance certifications (Eurovent-CTI). These certifications guarantee our performance metrics - so that you can plan your projects with complete peace of mind.

We Protect the Environment.
Innovation and environmental sustainability go hand-in-hand at EVAPCO. From sound reduction to water conservation to chemical elimination, we are continuously developing new technologies that deliver the ultimate operating advantages to our clients - while protecting the planet for every generation to come.

EVAPCO for LIFE
EVAPCO for life is our promise. We will always provide you with the most innovative and most reliable products, created and built by the best people in the industry. We're here to make your job easier, to be your partner and to exceed your expectations.

Evaporative

Hybrid

Adiabatic

Dry

				
Low Water Consumption				
No Plume				
Low Energy Consumption				
Low Footprint				
Easy Installation & Maintenance				
Lowest Possible Condensing Temperature				
Lowest Possible Outlet Temperature				

We are ready to support you with every cooling solution

We Are EVAPCO -
The Team You Can Count On FOR LIFE

Made in Europe
All EVAPCO products are manufactured in one of our three production sites in Europe. You can count on the highest European standards for your products. You and your customers are always welcome to visit our production plants in Belgium, Denmark & Italy.

One Supplier
If you need an open cooling tower or a condenser, evaporative or dry, EVAPCO is your sole supplier for all your projects in HVAC, Industrial Process Cooling and Refrigeration.

Meet the Environmental Standards
Every environment has its specific demands, which can result in the use of different materials, low sound solutions, reducing water and energy consumption.

Searching for the Right Solution
Every project is different and unique and has its own characteristics. EVAPCO has established a large network of highly qualified Representatives in every country. Their job is to help you make the right choice for your cooling application.

Mr. GoodTower®
Our local Mr. GoodTower® Service Center is your guarantee for along life of our products. Always located in the neighbourhood, Mr. GoodTower® is there to assist you with maintenance, service and spare parts. Easy maintenance is always the key factor in the development of our products.

Water Treatment
Simple, safe and sustainable, that's how you can summarize our own developed solid chemistry water treatment systems. Our local water treatment partners are there to follow up and to give the best advice for your water treatment system.

Finding the right solution and support in all your local needs
